7th Amend. Jury Trial Dem

U.S. District Court
Middle District of TN

OBJECTION TO SPENCERS
MOTION TO DISMISS

There Are Genuine Issues of fact concerning Constitutional Questions of Law that can only be answered By The Jury. Spencer has been accused of 8th an 14th amendment violations under Retaliation, Cruel an Unusual Punishment, an down right assisting^{ing} the murder of a innocent man falsely an Unlawfully imprisoned Due to several Officials violating U.S. Const. Art. VI cl. 3 "Oath of office" To uphold the Const. yet they make an outright mockery of the "Magna Carta", he an his Lawyers have chosen to refuse several settlement offers, Due to Defendants attempts To silence me by any means necessary striking flie blows outside the courtroom, the body is sick an this nation is being destroyed an the decision has been set in stone by the Rulers to clean the earth Because of Individuals As these, It is Time that the Federal Court Make a Nation wide example that Corruption an disrespect of the "Federal Constitution" is Master Kundalini will NOT BE Tolerated, Wield "Judge" that Almighty, Valuable, symbolic GAVEL with fury an all power. As a ruler, Symbolic priest, an Royalty of this Nation Judge Righteously, Let It Be Known it is not ~~face~~, ammunition, Men, or weapons That Rule this land But the "Magna Carta" is upheld By pillars of "Jachin" an "Boaz" By Journeymen as yourself walking in the light of Knowledge an Power, As chief an a Master Cornerstone, walking in the path of our founding fathers, It is time Judge, that the Nation knows that the True Builders The Masters are still here. Never the less I will give the proper argument in due form so that valuable Just-I-CE @ Prevails.

"Constitutional right to trial by jury in suits at common law will be scrupulously safeguarded by Supreme Court. Lyon v Mutual Ben. Health & Acci. Asso. 305 U.S. 484, 59 S. Ct. 297,

"If legal claim is joined with equitable claim, right to jury trial on legal claim including All issues common to both claims, remains intact; right cannot be abridged by characterizing legal claim as incidental to equitable Relief sought Tull v United States 481 U.S. 412, 107 S.Ct. 1831"

* Plaintiffs claims of 8th an 14th amend const. violations against spencer are not limited to claims based on substantive right to money damages, as the Attached additional Relief claims show Plaintiff request Declaratory as well As Injunctive Relief. Requesting did the defendants violate ART VI cl. 3 An thus Breaks There Oaths of office, an a Injunction Requesting they Be Removed from office for Being Oath Breakers an Thus Federal Law Breakers Thus Legal Claims an equitable claims Establish Spencers Motion as "most" Tull vs U.S. 481 U.S. 412

andly I have asked the Courts by way of previous motions to activate ART III Common Law Jurisdiction The Kings bench, this has never been decided thus to Attempt ~~to establish~~ an this point would be frivolous an merely interlocutory
